# MARKET FOCUS : LAW ENFORCEMENT DEVICES

**STANDARD DEVICES** Each device features red/white/blue or white/blue front LEDs (8), red/blue or all blue rear LEDs (8), a single red LED work light on front (1), enhanced white LED take down lights on front (4), Each side has flashing, strobing or constant-on light patterns which can be independently controlled.

ELT-B/B — BLUE / BLUE ELITE SERIES

ELT-R/B — RED / BLUE ELITE SERIES

**INFRARED/HYBRID DEVICES** All the features as Standard Law Enforcement Devices, except the LED on top of the device is 850 nanometer Infrared (IR) LED (1), which can be independently controlled.

ELT-B/B-IR — BLUE / BLUE INFRARED HYBRID ELITE SERIES

ELT-R/B-IR — RED / BLUE INFRARED HYBRID ELITE SERIES

ELT-W/R-IR — WHITE / RED INFRARED HYBRID ELITE SERIES

ELT-IR — ALL INFRARED ELITE SERIES

*18 Infrared LED lights. Features the same light pattern settings as the standard devices, but emits NO visible light without the use of night vision equipment.

## GA

- **LIGHT SOURCE** Elite 18 LEDs, Micro 11 LEDs

- **COLOR OPTIONS** Elite 25 Combinations: Red, White, Blue, Yellow (Amber), Orange, Green, Infrared
  Micro 11 Combinations: Red, White, Yellow (Amber), Orange, Green, Infrared

- **BRIGHTNESS** Elite: up to 800 Lumens, 5+ Miles Visibility
  Micro: up to 500 Lumens, 3+ Miles Visibility

- **IR (INFRARED)** Hybrid- single 850nm infrared LED on top
  All-Infrared - 940nm infrared LED
  Can only be seen using night vision equipment

- **BRIGHTEST COLORS** White, Green, Yellow

- **SIZE** Elite: 2.75"W x 1.87"L x 1.0"H, Micro 1.99"W x 1.72"L x 0.68"H

- **WEIGHT** Elite: 3.25oz, 92.4g, Micro 2.0oz 56.70g

- **BATTERY** Type: Rechargeable Lithium Polymer
  Capacity: Elite 1400mAh / 5.18Wh, Micro 500mAh / 1.85Wh
  Normal Voltage: 3.7V
  Certification: UN38.3
  Run Time/Charge: Elite 1.5 - 150 hrs, Micro 1.0 - 50 hrs
  Most common settings Elite 8-12 hrs, Micro 1-3 hrs (continuous)
  Battery Life Cycle: Elite 1500 - 3000,
  Micro 500-3000 cycles w/ regular use

- **CHARGING** Cord: Type-C to USB
  Input: AC 100-240V - 50/60Hz, 0.6A
  Output: 5.0V - 2000mA
  Charging Time: Elite Approx 1.5 hrs, Micro Approx 50 min.

- **CASING** Material: Polycarbonate Lens, Glass Filled Polycarbonate
  Exterior Covers & USB Door, High Temperature
  Rubber Buttons & Water Seals Hz, 0.6A
  IP Rating: Elite IP68 Water/Dust Proof Rating,
  Micro IP67 Water/Dust Proof Rating
  Flammability Rating: UL 746B, UL94

- **MOUNTING** Neodymium iron boron Grade NB42 Magnets
  Optional Hard Mount on select mounts using (2) M3 screws

- **ENVIRONMENT** Operational Temp & Humidity: -40°C -110°C, -40°F - 230°F
  Storage Temp & Humidity: 20-28°C, 68-82°F
